Your Referrals Help Fight Cancer!

GO AHEAD... GIVE YOUR SELF A **REAL TREAT** THIS MONTH!

The month of October can be a spooky month, maybe even a scary month with **monstrous problems**. Yikes!! Well maybe not, but words like that seem to be popping up everywhere as kids and adults alike look forward to Halloween.

In fact, according to the USA Today, adults spend more on themselves to celebrate Halloween than any other day during the year. I get that. Especially if they want to hang out with the kids to go trick or treating, or to a Halloween party of some kind.

For many homeowners and home buyers though, they are truly scared. Scared to death of how in the world they are going to get out of their house and into their next one (the trick).

My Treat: As a result of working with over 100s of families over a 4-year time span, we have developed a special program to help home sellers and homebuyers. We will guarantee the sale of their present home at a price agreeable to them and in the unlikely event their home does not sell, we'll buy it. Now that is a how you turn a trick into a real treat.

If you or a friend are thinking about selling, make sure to choose a real estate agent you can **trust!**

AND remember... YOUR referrals help fight Cancer.

My heart breaks for many young people and families who will not be able to enjoy this fun time of the year out trick or treating or going to Halloween parties.

We are still on a mission to raise \$10,000 for the Canadian Cancer Society of Toronto. We do this by donating to them a portion of our income from homes we sell. As you know CCS does a tremendous job of helping people by improving and saving lives of many with their comprehensive approach to the work against more than 100 types of cancer.

As you know, tragedy falls on many in this life. Tragedies like sickness, cancers and other nasty diseases. We aim to do what we can to help not only adults but kids as well who are unable to get out and have fun right now due to these evil health problems.

Be Helpful.

As they are leading non-profit, they depend on sponsorships and donations to continue their leading-edge care and keep family's expenses to a minimum.

Why I Support Canadian Cancer Society of Toronto:

While I was growing up, I have always heard if there is one disease that has no cure, is what we all call, cancer. Fortunately, we have been hearing a lot of good stories in recent years for cancer survivors those have been treated and are living a perfectly healthy life. With the advancement of technology, medical sciences and smarter brains put all together the mission to eradicate cancer has been coming closer to us every day. I have personally experienced a co-worker & close friend of mine fighting cancer day in & day out from Stage 1 for a period of two years and eventually resting in peace. That experience, and many more I heard lately is causing me to think that this fight is NOT over yet. Being a resident of GTA, contributing to CCS for this worthy cause is no surprise. I take pride in supporting them in a way that can result in tremendous outcomes for many not just one.

My team rally's around our annual goal of raising money and donating portions of our income to help CCS make an improvement in the lives of affected people & their families. My team and I are committed to providing outstanding results for buyers and sellers referred to us by our friends, families & past clients. I have discovered that Canadian Cancer Society shares similar commitments to their patients. And since their services survive on sponsorships and donations we are happy to contribute and proud to support them.

I encourage you to visit their website at www.cancer.ca and check out how they are making a difference in the lives of patients and their families!
